

Palmer

ROLL-OR-KARI

DUAL TRUCKS

THESE FEATURES ARE UNIQUE WITH ROLL/or/KARI TRUCKS:

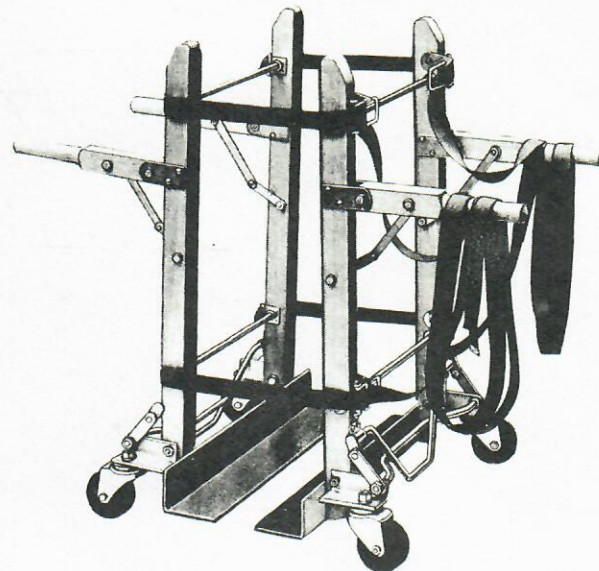

RETRACTABLE WHEELS ALLOW INSTRUMENTS TO REST ON THEIR OWN WEIGHT WHILE IN TRANSPORT TO AVOID SKIDDING OR ROLLING.

MODEL NO. P6B

Swivel wheels on both ends. This enables the operator to steer load freely in any direction. Four 7' or 10' web straps included.

When you buy a ROLL-OR-KARI you get a full set of two trucks and four web straps, READY TO GO, READY TO DO A JOB. Rubber and felt cushioning afford complete protection at vital spots against marring of fine finishes. Adjustable straps lock around product securely.

EASY AS 1-2-3!

**CAPACITY 1,000 lbs. per set on
Model No. P6B**

SIMPLE OPERATION TO OPERATE:

- ←1. Place one truck at each end of load.
- ←2. Fasten straps (as shown in illustration)
- ←3. Press foot-lever at each end to raise load for moving.

HANDLES FOLD OUT OF WAY WHEN NOT IN USE.

IF YOUR BUSINESS DEMANDS THE MOVING OF SHOP MACHINERY, APPLIANCES, PIANOS, ORGANS, PRINTING PRESSES, VIDEO GAME OPERATOR ACTIVITIES, SOFT DRINK MACHINE APPLICATIONS, RENTAL SERVICE STORES AND MANY OTHER USES - YOU NAME IT. THE ROLL/or/KARI DUAL HAND TRUCK SHOULD BE PART OF YOUR BUSINESS.
